

Term Paper Update

February 5, 2022

1 Point One

The App will contain the things that school didn't teach us.

Things such as-

- 1.How to do investments
- 2.money management
- 3.Video Editing
- 4.gfx and vfx ,etc

The app will contain various good courses to learn that this.

It will also contain notes and books of that topic.

There are many people that don't love reading books so for them will have audio version of that book if its available.
